

# Windsor Diabetes Clinics

**A multi-disciplinary diabetes clinic operates fortnightly in Windsor.** It alternates between Advance Medical Practice and Myhealth Kable Street.

Endocrinologist **Dr Irfan Aziz**, along with a **Diabetes Educator**, are available to see patients with diabetes.

- All patients will be bulk billed (no cost to patient).
- GP referrals **are essential** to see the **Endocrinologist**.
- Referrals **are not** necessary to see the **Diabetes Educator**, but are helpful.  
*Patients can see the Diabetes Educator without first seeing the Endocrinologist.*

**Aboriginal people, and those on a low income in the Hawkesbury area, can access this clinic.**

*Patients should make appointment by calling either practice. They do not need to be an existing patient.*
