

GP FUNDAMENTALS DAY

GP registrars, GP supervisors and GPs are invited to attend a **FREE** interactive day designed to support learning in key areas of general practice.

On the day, you will:

- Gain insights from expert speakers on priority topics impacting GPs
- Participate in hands-on workshops covering chronic condition management and the latest billing changes
- Build confidence in workers compensation and medical reporting
- Learn about how AI scribes are being used in practice

Registration is **FREE** with places strictly limited.
Morning tea, lunch and afternoon tea will be provided.

You will be able to claim and self-report CPD hours by attending this event.

Friday 15 August 2025 8:30am to 4:30pm
