

Specialist Psychiatry Outreach

Supporting people in the Nepean Blue Mountains

Uniting

A free psychiatry service is now available for the Nepean Blue Mountains community.

Who is this service for?

Our outreach clinic supports individuals who are aged 17 or older and require psychiatric care, and:

- Have diagnosed ADHD and are transitioning from paediatric to GP-led care, or
- Are Aboriginal or Torres Strait Islander, or
- Hold a Centrelink-issued healthcare card, family healthcare card, or pension card.

Referrals are made exclusively by GPs.

Any GP in the Nepean Blue Mountains region can make a referral.

Call **0466 467 224** to make a referral enquiry or booking.

Email completed referral letters and forms to
psychiatryservices@uniting.org

Why refer?

This service bridges the gap for patients who may otherwise struggle to access psychiatric care – ensuring continuity, cultural sensitivity, and community connection.

Location

Lawson Medical Practice
7 Orient Street, Lawson NSW 2873

Clinic days

Every second Friday (fortnightly)

This service is funded by the Australian Commonwealth Government and is delivered by Uniting NSW.ACT in partnership with Wentworth Healthcare and Lawson Medical Practice.
